

Balance[®] Salt

Mineral salt containing 50 % less sodium chloride but full flavour

- ✓ Reduced sodium content
- ✓ Contains beneficial minerals
- ✓ For home use
- ✓ For industrial use

Field of application

Balance[®] Salt is a mineral salt with a sodium chloride content of only 50 %. It is used everywhere in the food manufacturing industry where a reduction of the sodium chloride content should be achieved. Balance[®] Salt can also be used for food preparation at home.

Product

Balance[®] Salt is made from 50 % food-grade salt plus potassium, magnesium and calcium. The product offers an excellent flavour. The convenient 300 g shaker is ideal for household use. For the food manufacturing industry we offer 25 kg bags.

- ◆ Mineral salt with 50 % less NaCl and added potassium, magnesium and calcium
- ◆ Excellent flavour
- ◆ Helps to reduce sodium intake
- ◆ For seasoning dishes
- ◆ For industrial use
- ◆ 300 g shaker and 25 kg bag
- ◆ Constant quality control
