

## SuperTab®

Salt tablets for maximum regeneration

✓ EN 973  
✓ Codex Alimentarius

### Field of application

Water softening via ion exchange is the best way to obtain soft water.

SuperTab® salt tablets satisfy the process and system requirements necessary for water softeners based on ion exchanger resins and also offer superlative product characteristics.

The result is efficient, problem-free water softening with all its advantages including fewer chalk deposits and a longer service life for installations and equipment.

- ◆ High purity
- ◆ Even and residue-free dissolving
- ◆ Ideal tablet shape
- ◆ For home and commercial use
- ◆ Made in Germany

# SuperTab®

## Salt tablets for maximum regeneration

### Product range

Packaging size: 25 kg bag  
(40 x 25 kg  
per pallet)

Type of packaging: PE bag

GTIN: 25 kg:  
4003885197434

We would be happy to provide you  
with a sample.

For more information on this and  
other products, please do not hesitate  
to contact us.

### Product quality

Strict quality demands are made  
on special salts for the regenera-  
tion of water softening systems  
so that they do not impair the  
function of the ion exchanger  
material.

By satisfying European stand-  
ards EN 973 and the Codex Ali-  
mentarius, SuperTab® salt tab-  
lets provide the perfect means  
of producing soft water.

### Product properties

SuperTab® salt tablets are made  
from ultra-pure, fully soluble  
vacuum salt, enabling them to  
guarantee efficient and prob-  
lem-free operation of the water  
softening system.

### Production process

SuperTab® salt tablets are made  
from the purest vacuum salt  
and compacted at high pressure  
under controlled conditions.  
This process is intended to pre-  
vent the tablet salt from decay-  
ing prematurely.

### Certification

esco production facilities hold  
valid certification to EN ISO  
9001. Strict compliance with hy-  
giene requirements is ensured  
through the certified HACCP  
system.

### Service

We offer our customers first-  
class service, guaranteed con-  
sistently high product quality  
and a reliable international de-  
livery.

### The company

esco – european salt company  
is the leading salt producer in  
Europe and exports significant  
quantities overseas.  
Water softening products are  
constantly being developed and  
exceed legal requirements. This  
is made possible by the com-  
pany's extensive experience in  
the water softening products  
market.
