

Product Information

esco Food Grade Rocksalt

Version 3.4

Page 1 / 1

printing date: 24.08.2011

Product description

esco table-rocksalt is a high-quality rock salt product. It is of white colour containing a few crystals of grey to black by-minerals. It can be supplied in all grain sizes from 0,7-0,16 mm up to 3,2-1,5 mm.

Additives:

On request esco table-rocksalt is conditioned with anti-caking agent E535 (Yellow Prussiate of Sodium) at an inclusion of 10 mg/kg.

Food regulations, impurities and contaminants

esco table-rocksalt fully complies with all EC food regulations and requirements of the CODEX ALIMENTARIUS (if anti-caking-agent E 535 is added, it is stabilized with E 500). esco table-rocksalt meets the requirements of FCC VII (except iodized products).

The heavy metal contents are well below the following limits:

Arsenic < 0,5 Lead < 0,5 Cadmium < 0,1 Copper < 0,2 Mercury < 0,1

(all data in mg/kg salt)

According to applicable regulation, Dioxines, PCB, PAH, Aflatoxins and Pathogens are undetectable (below Limit of quantification). The products are not radioactively treated. As all mineral substances esco table rocksalt cannot be manipulated by genetic engineering too. The product has no allergens, because neither raw materials nor additives contain allergens according to directive 2000/13/EC and revised versions. The product is kosher and fulfils the requirements for halal.

Safety and Ecological Data

esco table-rocksalt is non hazardous as defined by the EC directive 1907/2006 and following regulations.

Storage

Keep esco table-rocksalt in a dry place and at ambient temperature. It is recommended, that bulk products should be stored either in stainless steel silos, steel silos with a food grade coating or GRP-silos intended for food stuffs. Indoor storage is advised.

The preceding data result from our quality control. They do not release the user from a control on entry and are not meant to guarantee the properties. The qualification of the product for a certain application has to be checked by the customer.
